Our Quality Pledge

At Commonwealth BBQ, our team will only serve the highest quality meat smoked right here on site in Wrentham. This process takes many, many hours to achieve the characteristics that define great BBQ. We do not employ shortcuts in preparation, so despite our best efforts, we will occasionally sell out of a particular item. We're sure you'll see this as your assurance of quality and freshness.

We are proud of our BBQ. If you are unsure of the flavor of any menu item, please feel free to ask us for a sample...and if for any reason you are not completely satisfied with any item you have ordered, to eat here or bring home, let us replace it with a similarly priced item, no questions asked.
